

Empowering Future Leaders

The EPIC program is starting to meet the demand for leadership development, crucial for our region's ongoing success. It provides a data-driven approach to identify and nurture leaders with the highest potential. This initiative represents a strategic investment for businesses and the chamber. It equips participants with the necessary tools and insights to assume leadership positions effectively and confidently.

About Us

EPIC, designed in collaboration with Cortex Leadership Consulting, is a professional development initiative focused on enhancing self-awareness, emotional intelligence, and essential leadership skills. It aims to transform participants into impactful members of high-performing teams and adept leaders capable of achieving results.

Our Program

Orientation/Launch Session: Setting the stage for transformation with team-building and DISC tools at a fun full day at Wilderness Adventure.

Monthly In-Person, Live Workshops: Focused on strategic communication, time mastery, and building trust facilitated by Cortex Leadership Consulting experts in the subject matter.

Mentorship: Personalized guidance with a Cortex Mentor/Coach to integrate training with the participant's work culture and objectives.

One EPIC adventure.
